To Whom It May Concern,

Please be advised that Sika Corporation considers **Tech Balcony of Florida** a trained waterproofing and sealant applicator. **Tech Balcony of Florida** will receive a warranty on Sika project applications as long as the manufacturer instructions are followed for installing Sika products on the project. **Tech Balcony of Florida** has undergone the training program for Sika products and understands the steps necessary to obtain a warranty for the project.

If requested, an “Intent to Warrant” letter can be issued at the onset of the work, which affirms our commitment to the project, and also helps to expedite the processing of the warranty upon completion of the work.

Please feel free to contact me if you have any questions, we welcome the opportunity to assist you!

Sincerely,

Joel Garcell
Territory Sales Manager – South Florida
